Orbus Cops Top Sage AccPac Caribbean Dealer Award

Orbus Technologies, Ltd. took home the prestigious 'Highest New License Sales' award at the 2010 Sage Caribbean Partner & Customer Conference, held at the Hilton Barbados.

The award encompasses not just the English-speaking Caribbean, but the entire region – including Puerto Rico and the Dominican Republic.

Our Products

Sage Accpac ERP

General Accounting

Our flagship product is Sage Accpac ERP. This powerful, award-winning accounting software gives users unprecedented flexibility with a robust suite of modules, comprehensive customization and scalability, and instant, seamless integration to a full set of end-to-end business management applications.

Banking

For financial institutions, Orbus offers International Private Banking Systems, a software solution for banking and wealth management. IPBS is a fully integrated accounting and management information system.

Billing & Timesheet

Abak is simply the most flexible billing and timesheet software on the market. Track employee timesheets and expenses as well as project budget costs and revenues.

Payroll / Asset Management

Norming Payroll Software provides a solution that fully integrates with Sage Accpac. Its flexible configuration is 100% compliant with Jamaican statutory reporting requirements. Along with Payroll Manager, Norming offers a suite of applications including: eTimesheet, Asset Management and Expense Reimbursement.

Point of Sale

The Orion Point of Sale System is a sophisticated, feature rich, Point of Sale System that is tightly integrated to your accounting data.

Manufacturing

Configur8or Product Builder makes quoting and ordering for business that manufacture on a make or build-to-order basis easier by providing the ability to have a custom bill of materials, routings, cost and pricing.

Our wide array of manufacturing solutions

includes Misys and Auto Simply. MISys SBM turns Accpac ERP into an industrial-strength manufacturing system. AutoSimply's Manufacturing Order is an easy-to-use manufacturing solution for small to medium-sized enterprises.

Business Process Automation

TaskeCentre® offers a unique, state-of-the-art Business Process Management suite; enabling organizations to cost effectively build, operate and maintain and number of automated processes.

Inventory Management

ACCU-DART is a real-time warehouse and inventory management solution. Using radio-frequency scanners, it allows warehouse staff to instantly update the accounting system.

Route Accounting

We provide software and hardware to facilitate remote invoicing and inventory management for van sales.

Budgeting & Procurement Management

Pacific Technology provides high level solutions for budgeting and procurement management.

Maintenance Management

User-friendly ManagerPlus links your asset management, maintenance management, inventory and purchasing functions together.

Bank Recon/Cash Book/EFT

From Peresoft, we offer Cashbook, RecXpress (bank recon) and FTXpress (electronic funds transfer).

Computer Hardware

PCs, notebooks, servers, storage, network solutions, POS, printers, scanners & more.

General Software

Microsoft Windows 7, Windows Server 2008, SQL Server 2008, Office 2010 and more.

Adobe CS5, Symantec Antivirus & more.
